

MANOR HOUSE DEVELOPMENT TRUST

Hackney

The £1bn regeneration of Woodberry Down in Hackney involved a mix of over 4,500 social rented, private and shared ownership homes, a range of new facilities including a Community Hall, health centre, new Academy, and extended primary school, as well as retail and commercial opportunities.

We were commissioned to research and prepare the original Business Plan for a social and economic regeneration Trust, to include the management of 1,000sq.m community facility. We managed the early development of the Trust to include the securing of £250k core funding and the recruitment of a new Chief Executive. The Trust grew rapidly in its activity programme and status, winning various awards along the way.
