

## STONEGROVE **COMMUNITY TRUST**

**Edgware: Barratt Homes** 

The Diocese of London and the local community (through S106) combined resources to build a £4.2m joint community and church centre as part of the regeneration of the Stonegrove housing estate in Edgware.

The last few months have been busy as we added the final touches to our building and prepared for our 1 year birthday celebration. We would like to thank you all for your kind support over the last year & making OneStonegrove a success. Keep reading to find out what more we have in store for you. more we have in store for you.

On Saturday 15th July, OneStonegrowe celebrated its 1st Birthday!

The day was jam-packed with activities for all the family, including free massages, henna art, magic shows, face painting, afternoon tea, DJ masterclasses, arts & crafts, bingo and more! The event was generously supported by Stonegrowe Community Trust, Family Mosaic and St Peter's church. Residents were also able to enjoy a free BBQ with chicken, lamb and falafel dishes, courtesy of the Amber Arts & Wellness Cafe.

Check out some photos below from the day. For more, have a look at the photo gallery on our website.

This required setting up a new Community Trust and acting as the Project Manager to support and enable the new resident board, ensuring the new facility was fit for purpose and fully operational when it was handed over in June 2016 by Barratt Homes. We were retained to run the Trust for two years to ensure the new building was well used, maintained and operated as intended.
